PROFILE SUMMARY

I'm a creative and passionate Computer Science student (Class of 2027) at Murang'a University of Technology, specializing in **front-end web development**, **UI/UX design**, and **digital storytelling**.

Driven by curiosity and innovation, I create meaningful digital experiences by blending **technology**, **design**, and **content creation**. From building responsive websites to crafting compelling blog content, I bring creativity and functionality together to solve real-world problems and tell stories that resonate.

CORE COMPETENCIES

- Web Design & Development (HTML, CSS, JavaScript)
- UI/UX Design (Figma, Canva)
- Responsive Website Creation
Prompt Engineering for Generative AI (ChatGPT, Canva Magic Write)
- Graphic Design & Video Editing (Canva, CapCut, Inshot)
- Creative & Blog Writing
- Content Strategy & Social Media Marketing
- Collaboration, Communication, and Team Leadership
- Digital Scheduling, Calendaring & Remote Productivity Tools
